# Assault on the Assano on July 1st

## Regular Meeting Board of Trade

### Committees Report All Arrangements Completed for July 1st

The regular meeting and luncheon of the Assano Board of Trade was held in the Royal Cafe on Wednesday afternoon, June 23rd, with eighteen members present.

Reports by the Stampede and Carnival Committees were heard. The Stampede Committee report that all arrangements for the first of July have been completed, and that work on the grounds has been finished. Final arrangements have also been made for the Carnival by that Committee.

By motion, the Board has donated the sum of six dollars towards the Bow Valley Intercollegiate Track and Field Association, to help take care of the 1937 expenses of this Association as Assano's percentage, according to the number of teams in the school taking part in the track meet.

The final report on the cost of the new grandstands was rendered by Mr. McLane, and by motion, was accepted as read by the Secretary.

A motion was passed authorizing the Board to purchase the necessary wire to enclose the race track on the west side to keep people off the track and afford more protection to the spectators.

By motion carried, the Board will, as usual, close for the months of July and August, unless the president should find it necessary to call a special meeting.

The meeting adjourned shortly after 2 p.m.

No man can think, write or speak from his heart, but he must intend truth.—Blake.

## OBITUARY

### Mrs. Sophie Simolin

Assano lost another of its finest citizens on Thursday, June 17th, when Mrs. Sophie Simolin passed away in the Assano Hospital following a short illness.

Mrs. Simolin was born in France on March 1st, 1862, and at the time of her death was 75 years, 3 months and 17 days old. In 1885 she left France and settled in Winnipeg, Man., where she resided till March 1908. At this time she settled in the Gleichen district at Oullesville, north of Cluny where she was one of the first settlers.

She accepted a position of Postmistress during her period of residence there. On September 23, 1913, her husband, L. R. Simolin, died of heart failure, leaving her with twelve children between the ages of eight and eighteen to care for. She continued to operate her husband's farm and estate for some time, until she moved to Assano where she was at the time of her death. With her quiet disposition, she made a lot of friends in Alberta and Saskatchewan, all of whom will greatly miss her.

Mrs. Simolin is survived by five sons: Lucien, of Cluny; Leon, of Kelowna, B.C.; Henri, of Assano; Maurice, of Calgary; and Louis, of Assano; and six daughters: Mrs. A. Gaudier, of Cluny; Mrs. P. Bessing, of Gleichen; Mrs. A. Perce, of Kelowna; B.C.; Mrs. L. Bouchard, of Vancouver; Mrs. P. Whitney, of Sheppard, Alta.; Mrs. G. LePage, of Assano, and was pre-deceased by one daughter, Mrs. J. Giroux, of Holyoke, Mass., in 1912. There are also 32 grandchildren and 14 great grandchildren.

Following her death, her body was removed to her oldest son's farm north of Cluny, to lie in state. She was then taken to the Cluny Parish Church where the service was held, Father Rioux being in charge. The procession then journeyed to Gleichen where a short service was held in the Gleichen Catholic Church, Rev. Father Rioux and Rev. Father Rioux officiating. Interment was made in the Gleichen Cemetery beside her husband and father. Dr. R. E. Bessing was in charge of the funeral arrangements. Pallbearers were: Gerald Beaudin, Joseph Gleichen, Lucien Simolin, Laurence Gaudier, and George Gleichen, all grandsons.

## NOTICE

### Stampede Committee Takes Special Precautions—Free Admission to Children Under 15 years and to no one else!

Arrangements have been made to have the grounds policed by 4 officials on each side so that no one will get in without paying. After the members of the Board of Trade work hard to provide a live and exciting day for everyone, and as all proceeds are used for community purposes, you should be more than glad to pay the reasonable admission charge. At 13 o'clock noon the Stampede officials will clear the Sports Grounds and the School Grounds adjoining to everyone, and from then on until the programme is over, the fences will be well policed. This year the east gate, behind Mr. Wilton's house, will be blocked, and everyone will have to enter at the west gate, opposite the Police Court. Walter Peak's map and the officials will be provided with passes; everyone else must pay the admission price at the gate. When you read over the outline for the day appearing elsewhere in these columns, you will see that the entrance fee is very little to pay for such a wonderful day of entertainment. If you wish to bring your own lunch, you can do so. The Sports Grounds provide an ideal place for a picnic, but you cannot enter before noon and you must have your "I-leave-Paid" ticket with you.

### COUPLE CELEBRATE 42nd WEDDING ANNIVERSARY

Assano, June 13.—Miss Christina Hansen became the bride of Mr. Carl Wolfgang, of Calgary, at the home of Mr. and Mrs. Ray Schoelling. The ceremony was performed by Rev. Mr. Beck, of Standard. The bride entered the living room on the arm of her father, Mr. Peter Hansen, to the strains of "The Bridal Chorus," played by Miss Lois Schoelling, through an aisle formed of yellow ribbon held by Mrs. V. Anderson, Mrs. E. Peterson, Miss Mary Hansen, and Miss Anna Vestergaard, for the bride party. The couple plighted their troth under an arch of green foliage and carnations. The bride wore a white suit with a corsage of pink roses. They were attended by Mr. and Mrs. Volgaard, Mrs. M. Peterson, the bride's sister.

A buffet supper was served to the twenty-seven guests who were present. The bride's table was decorated with a three-tiered wedding cake and the table decorated with carnations. Following a short honeymoon in Banff, Mr. and Mrs. Wolfgang will reside in Calgary.

### Saturday Night Dance A Successful Event

The initial Saturday night dance of the season was held on the spacious floor of the curling rink on June 19th with a crowd in attendance. Saturday, June 19th, will be the scene of another of the lively affairs. The Board of Trade has made arrangements to secure up to date music for this event so come, bring your friends and make this dance the place to meet your friendly friends. Saturday night from 10 to 12 p.m. We'll be seeing you.

### NOTICE TO CORRESPONDENTS AND ADVERTISERS

Due to Thursday, July 1st, being a holiday, the next issue of the Assano Recorder will be published on Wednesday. Advertisers and correspondents are asked to submit their copy with us by sending in changes of copy at an early time as possible. This will be greatly appreciated.

## FINE PROGRAM OF BUCKING, STEER RIDING AND RACING, ATHLETIC EVENTS, ATTRACTIONS ON JULY 1.

All roads lead to Assano on July 1st, to celebrate Canada's 70th birthday with the biggest Stampede and Sports Day this district has ever seen. With a lively programme of bucking, steer riding and racing; with children's and men's athletic events; with acrobatic, dancing and music; and with basketball and softball games, Assano prepares to play host to a huge crowd of merry-makers this Dominion Day. Just imagine a big variety programme packed into five hours of fun and thrills! Come prepared to enjoy yourself, for with a down to earth, but not a down to earth, programme will resemble a three-ring circus. But let's have a look at the set-up of the day: first, second and third in the junior events, and first and second prizes in the senior. Each event is divided into classes according to age, ranging from the youngsters to the adults. The jumps consist of the broad, the hop, step and jump, and the pole vaulting, all of which will be well worth seeing.

At the same time that many of these events are being run off, the cowboys will be coming out, the chutes on Volstead, Peckham, Maclean and you'll probably see some of them bounced high, wide and handsome before the day is over. Even if they can still sit down after that ordeal, they'll be sitting on the wild steers and these steers are tough to make many a cowboy take. Then there are the racing events. There's the half-mile, the relay, the Indian, the free for all, and the pony races in the run-off following the foot races.

During the afternoon your eyes will be focused at intervals on the platform in front of the grandstands where the popular, Shorrock, Maclean and Maclean Twins will entertain you with their dancing. Besides this, their band, the Maclean Orchestra will live things up with their snappy numbers and Darrick himself will give

### Principal Whitehorn Resigns from Local Teaching Staff

Mr. L. N. Whitehorn who has for the past six years been principal of the local school, has tendered his resignation to the local School Board.

The contracts of Mr. G. E. Brown and Mr. R. G. Callbeck have also terminated, but it is possible that these either one or possibly both of these teachers may be re-engaged, depending upon the organization. It to be decided on by the local Board which will be done in the near future.

The services of Miss Grace Scher and Miss C. Murdoch have been terminated but it has not been decided whether or not another teacher will be engaged to fill the vacancy created by the resignation of Miss V. A. McConnell.

### CARD OF THANKS

We wish to thank all who kindly helped in our recent and bereavement, and those who sent flowers. The Simolin family.

### BORN AT DASSANO HOSPITAL

To Mr. and Mrs. Adelaide Branson, of Millmont, a daughter on June 20th, 1937.

To Mr. and Mrs. Cornelius J. Krause, of Roanary, a daughter on June 23rd.

one of his novelty dances. Then there's a 45-minute exhibition of pyramidal building and acrobatics by Sgt. Martin, 1st Troop of Boy Scouts from Husar.

It looks like a great celebration, doesn't it? But that's not all. Early in the afternoon we'll see a girls' softball game, when the Gleichen "Gals" try to take the Assano "Gals" into camp. Then at 8 p.m. the Queensboro Club and a high stepping aggregation from this district will keep the ball rolling until it's time for the big evening Carnival and Dance.

Yes, the Stampede and Celebration Day will be bigger and better than ever. A public address system at the grounds will keep you in touch with the announcements of the events and their results, which you'll be able to hear all over the grounds. And there will be no dull moments from the opening of the gates until dawn of the next day. Why not come to town in the morning, have a swim or play a game of golf or tennis before the gates open, and all with no entrance charge. The price for you to get with the crowd on July 1st is only 50c—you can't afford to miss it! The town has been given a wide open to provide you with a day of real enjoyment!

But after the day comes the night, and at night there is a 'Big Band' and Dance in the rink building. There you'll find plenty of fun, noise and excitement to keep you occupied every minute. There's the Hoop-La, the Hoop-La, the refreshment booth, the punch bowl, the coin booth and many others. And right under the big roof, the Big Stampede Dance will be held. The 2,000 square foot floor provides room for the wild, hot Stampede Crowd to enjoy itself. The high ceiling and rows of windows along each side provide perfect ventilation. You'll be able to cool off between dances and then get hot as Darcy and His Piano Orchestra play things up with those red hot numbers of theirs. Yes Sir, when the Boys play "Home, Sweet Home," you'll know you're really here somewhere!

Assano, June 20.—On June 15th, Mr. and Mrs. A. D. Williams, well known and highly respected farmers of the Husar district, celebrated their forty-second wedding anniversary at their home, with only the immediate relatives and Mrs. Shemack and Mrs. Heron present. Forty-two years ago, they were married at Jamestown, North Dakota. Four children were born to them in North Dakota and five in Washington. Of the nine, only Jim and Mrs. E. Adams were able to be present.

### SURVEY OF CROPS AND LIVE STOCK

In June of each year, the Dominion Bureau of Statistics, in co-operation with the Provincial Departments of Agriculture distributes cardboard schedules to farmers for the purpose of collecting statistics of crops under crop and the number of live stock and poultry on farms. An innovation of 1937 extended this survey to cover the breeding and marketing intentions with regard to live stock in all of the provinces except Prince Edward Island. Only slightly less important in our national planning is the necessity of having correct knowledge of the numbers of live stock on farms. The accuracy of our compilations in both these classes is largely dependent upon the obtaining of completed cards from a fair sample of the total number of Canadian farms.

You must make many compromises with your sample of live stock in a human world.—Sir Joseph Stamp

## Earns High Post

### Fourth Annual Visitors Day

#### School Children Provide Entertainment for Mothers

Last Saturday afternoon, June 19, Miss Grace Scher presented her 4th Annual Visitors Day in the primary room at the Assano School. Over fifty mothers attended. A two hour program in which all the pupils took part was greatly enjoyed by the ladies. Two plays, several action songs choruses and elocution selections made up the entertainment. The children in the two plays, "Silver Star" and "People of Canada" were in full costume. In the first, they were dressed as brownies and as the birds and animals who help the fairy find her lost star. In the second play, one little girl dressed up as Miss Cleopatra, the reluctant husband of other lands who have come to live in this country. These people were represented by children dressed in native costumes.

The programme was followed by a "treat" for the parents. The ladies greatly enjoyed the afternoon, which showed the interest of the children in the singing, elocution and dramatic sections of their school work.

### SMASHES FOOT WHILE HOUSECLEANING

Husar, June 20.—On Saturday, June 19th, Mrs. Ole Christensen had a miserable accident, when in house cleaning, she fell from a chair and the claw hammer which she was using, smashed her foot. Mr. Christensen took her to Calgary, where it was found that no bones were broken, but her foot is in bad condition.

### Boy Scout Notes

A very successful Boy Scout meeting was held in the school house last Thursday evening, June 17th. The Scoutmaster, Mr. McLane, and 27 enthusiastic boys were in attendance. The eleven recruits, who joined the troop last week were put through a few tests to prove their "manhood". Each recruit is to be given instruction by one of the older boys. This is one of the tests a Second Class Scout must pass in order to become a First Class Scout.

Some of the games played were "Hull in the Ring", Running the Gauntlet, The Bell Game, and others. Scoutmaster McLane explained a few points of physical drill, marching, etc. to the boys just starting. A short discussion followed, regarding the supplies and equipment required for the proposed three weeks camp this summer. The woods, river and mountains will make ideal surroundings both for having a swell time, and for getting a lot of scout work completed and tests passed. The boys are all looking forward to it.

### TAX RECOVERY ACT

#### VILLAGE OF HUSSAR

NOTICE is hereby given that recovery of the provisions of The Tax Recovery Act, 1925, in the Village of Husar, may be offered for sale by public auction, at the office of the Secretary-Treasurer, in the Village of Husar, Alberta, on Saturday, July 17th, 1937, at two o'clock in the afternoon, the following lands:

	Block	Plan
21 to 29	3	No. 6738 A.M.
18 and 19	2	No. 6739 A.M.
17	3	No. 6740 A.M.
16	2	No. 6741 A.M.
15	3	No. 6742 A.M.
14	2	No. 6743 A.M.
13	3	No. 6744 A.M.

Each parcel will be offered for sale, subject to a reserve bid, and the highest bidder shall be awarded the same. The reservations contained in the existing certificates of title. Terms, cash, unless otherwise arranged.

Redemption may be effected by the payment of the full amount of arrears of taxes and costs, at any time prior to the sale.

ANNA R. HOLE,  
Secretary-Treasurer.

## WESTERN CANADA'S DUST-BOWL

As this is being written a strong wind is blowing out side.

Looking northward, clouds of dust may be seen drifting east. Southward, vision records the same spectacle. In plain language, it means that large quantities of fertile soil has become "absent without leave."

Incidentally, to the west and to the east, comparatively little dust is visible at the moment. Above, the sky is clear and blue. Why?

The answer lies in the fact that to the west for a considerable distance, there is the virgin prairie of the Indian Reserve, extending past Gleichen.

It is clear that the winds are going to continue in the future as they have in the past. Likewise, if steps are not taken soon by farmers themselves, or by Governmental action, (even if it does mean regulation, regimentation and interference in private business) the land will be destroyed as a grain producing asset and most likely as grazing lands as well.

In time, the whole of the Southern portion of the three Prairie Provinces will become arid wastes, or one great desert, wherein neither man or beast may subsist.

Is there an answer or solution to the problem?

If it lies in different or altered farming methods, these should be practised and when necessary made compulsory. If no method of preventing soil drifting can be devised in keeping with a reasonably profitable agricultural programme, then grain growing should cease before millions of acres are rendered useless even for grazing.

## DOMINION DAY

The local Board of Trade has laid extensive plans for Bassano's annual celebration of Dominion Day on July the first.

Two new commodious stands have been constructed for the convenience and comfort of the people. A permanent platform of spacious proportions stands conveniently in front, on which special feature attractions will take place. Improvements have been made to the corals and bucking arena. A new baseball field and softball, and diamond will provide accommodation for hard ball and softball.

A full and complete list of events; bucking, horse racing, athletics, baseball, platform and attractions has been arranged for. No expense has been spared to ensure a successful day and one which should please those who attend. At no time during the afternoon will there be any lulls.

The sponsoring body has done wonderful work for the community. In the past, and on July 1st will stage a programme that will be worthy of support. Given a reasonably good day, July 1st, 1937, should be memorable and we hope profitable.

## A GOSTICK GEM

"If we can bend the genius of Premier Aberhart with that of Major Douglas, there is nothing we can't do."

If this process involves the hiring of another expert, we suggest that a good brewer be engaged to make the mixture more palatable.

## PROVINCIAL ROADS

With all due respect to the Calgary Herald in connection with its vendetta against the Provincial Government on the condition of Alberta roads as affecting the Tourist Traffic, we suggest that the Herald itself has done more to damage prospective tourist trade than the condition of the roads themselves. Many of our highways are quite presentable for a Province so vast and as thinly populated as Alberta, as witness the Sunset Trail and the Banff to Medicine Hat Highway, to mention but two. Many people are getting rather "fed up" with the extravagance of the Herald's articles on this point, not to mention its undoubted distortions of facts regarding the condition of certain highways.

## ANSWER THIS ONE

"Why is it that Mr. Aberhart is always assured of a good audience at Ponoka?" The Blainmore Enterprise.

## BORDEN PASSES

The death of Rt. Hon. R. L. Borden, former Prime Minister of Canada, removes from the scene, one who for long adorned and graced affairs Canadian, with credit to himself and honour to his country.

## A VACANT SEAT

The suggestion is made from Calgary that Mr. E. L. Gray of Brooks accept the nomination for the Edmonton seat, now vacant due to the death of Mr. Van Allen. While Mr. Gray would undoubtedly be elected, possibly by acclamation, we hope that he will not accept the suggestion or the nomination, purely because of his managerial responsibilities to the E.L.D.

## CANADA'S DEFENCE PROGRAMME

On the above subject at the recently concluded Imperial Conference, Right Honourable MacKenzie King stood alone among the overseas Premiers. Australia, New Zealand, and South Africa each had something to offer in relation to the Empire's Defence Programme in a more or less substantial contributory basis.

Mr. King, with characteristic adroitness, skirted the issue, explaining that we would look after our own defences, and by not even pretending that these would be adequate, left the world immediately anticipate assistance from Great Britain and secondly from the United States.

We wonder what the reaction would be if Great Britain would take a similar attitude? As a full pledged partner and one of the most important units of the British Commonwealth of Nations Canada is quite frankly ignoring one of her most important duties in that partnership, and peculiar as it may seem, Canadians, in the majority, appear to support the attitude adopted by the Prime Minister.

## The World of Wheat

From October last to April, 1937, wheat rose from a price of \$1.10 to a price of \$1.50. From April to this June it fell to a price of \$1.10. Why these price changes in price?

The supply of wheat has been as expected, practically unchanged.

There have been no important changes in money, currency, or in foreign exchange. The simple answer is that the price fluctuations were caused solely by fluctuations in form of demand for the product.

From October to April certain European countries suddenly and unexpectedly more fervently increased their demands for wheat. After April these extra demands began to fade away until today they hardly exist. Perhaps the "war" was at its height. The situation remains so forcibly that prices are governed not so much by SUPPLY but equally well by DEMAND. This unfortunate, however, that while there are more "excellent" crops of wheat, supplies, and also money, to build up, there are only at the best "intelligent" guessers and certainly no statistics, to help us to appraise DEMAND.

Good judgment, in all we can use, and good judgment, of course, is an exceedingly rare human attribute.

Following factors have tended to raise prices:—Presence of black stem rust spores in winter wheat belt in winter wheat area at Mandan, North Dakota. Rainfall badly needed in Canada. West—Argentine corn and flax seed rapidly going into consumption.

—Hungarian wheat estimates below 1936 heavy rains in U.S. south west cause widespread lodging.

Following factors have tended to lower prices:—Decreased in Chinese wheat imports—Prospects of large U.S. wheat crop—Favorable developments in U.S. spring wheat belt—Continental buyers anticipate largest U.S. wheat crop—Favorable developments in several years—Cuban pineapple crop large—Good apple crop indicated in Nova Scotia.

## QUEBEC HAS ALL CANADIAN 200

A thousand wild creatures, representing 90 Canadian species and forming one of the most interesting zoological collections, have been gathered together in the new and picture Quebec Zoological Gardens at Montmorency. Some seven miles from the provincial capital, one of the most of almost every animal, bird or fish in Canada can be seen here, says a writer in the June issue of the P.I. Oral—from polar bears to porcupines, pelicans to porcupines, and snakes. One of the greatest difficulties experienced by the director, and his staff was in the proper feeding of mountain sheep and those whose food requirements differed with the seasons. Finally a train and alfalfa, and phosphates diet of marsh hay, a mixture of

oil to prevent ticks and bone shavings was arrived at. The Quebec Zoo occupies at the present time 300 acres of a site of 75 acres which has been donated by a Berlin zoologist as one of the largest of its kind in the world.

## GUEST CARVAN HAS MODERN COUNTERPART

More than twenty firms in Canada have turned their attention to the manufacture of automobile trailers and the production of these, housed on wheels on the North American continent for the year 1937 is expected to reach a total of \$50,000, says a writer in the June issue of C-I-A Oral. The cost of a trailer may run anywhere from \$500 to \$5,000 or more, according to the requirements of the buyer as to interior fittings. The most modest trailer however, supplies all the comforts of home on a miniature scale. Beds at front and rear of Palmart type that disappear when not in use or form a seat by the dining table may be dropped in here; a casual room for an electric refrigerator, radio and electric light installations. The exterior coverings of nearly all trailers are either weather resistant, two automobile finish or rubber coated fabric in one or more colour tones.

## Watkins Fly Spray

## Improved 3 Ways--

## 1. FASTER KILLDOWN.

## 2. GREATER KILLING POWER.

## 3. LONGER REPELLENCY.

## Deadly and Efficient

I found Watkins Fly Spray to be the most deadly and efficient I have ever used. I can recommend it for killing flies and bedbugs.

T. R. Heyd,  
Northern Valley, Alta.

## The Best Ever Used

I have used Watkins Fly Spray on my herd of nine cows for the last three years and find it the best I ever used. Also find it a good preventative for warbles. I also sincerely recommend it to all dairymen.

N. S. Bonnyman,  
Tatamogouche, N. B.

E. L. RICHARDSON, Gen. Mgr.

Seat Reservations may be made by mail with cheque or money order attached. General Admission to Grounds, 25c. Children, 15 years and under admitted to grounds free. See admission to Grandstand, including reserved seat afternoon 5:00 p.m. evenings. See admission to Grandstand Enclosure only 50c. Write or call The Calgary Exhibition & Stampede Ltd. for Reservations.

## HEALTH

A HEALTH SERVICE OF  
THE CANADIAN MEDICAL ASSOCIATION  
AND LIFE INSURANCE COMPANIES  
IN CANADA

## DIABETES

The human machine is sort of a furnace. Human beings are the stockers. Food is the fuel.

Sometimes the wrong fuel or an excess fuel is used. Certain diseases result from the mis-use of the fuel to generate. Sometimes the machine breaks down and cannot burn even the best of fuel.

Diabetes is a disease which there is improper burning of the fuel supplied as food.

In addition to water, foods are of three classes: the proteins such as lean meat and the white of eggs; fats, such as exist in butter, cream, lard, and the fat of meat; and carbohydrates, including sugar, starch, and cereals. The latter are found in bread and cereals, in vegetables, such as potatoes, corn, and in fruit.

These foods are taken into the body, there to be broken up by the digestive juices, absorbed through the wall of the intestine and carried by the blood to nourish the tissues of the body.

In the process of metabolism, that is, the proper burning up of the food taken into one's body, the full amount of energy contained in the food is supplied to the body. If metabolism is disordered, there is improper burning of the food. One of the diseases of disordered metabolism is known as diabetes.

There is a small organ in the abdomen called the pancreas, the chief function of which is to secrete a substance known as insulin. If insulin is deficient in amount, little of the starches and sugar can be burned. Insulin seems to be necessary to oil the machinery, as it were. When the carbohydrates are not burned they accumulate in the body causing thirst. In consequence the patient drinks large quantities of water and, of course, passes urine frequently. The urine contains the sugar which the patient is unable to use. As the body is not properly nourished, he is hungry and, moreover, loses weight, strength and vigor. He may develop acidosis, a kind of poisoning, which may follow a slight injury such as hearing of corn.

The basis of treatment in regulation of the diet. This, as well as the use of insulin, should be prescribed by a physician. Insulin is a drug, not a cure. The diabetic cannot manufacture enough insulin for his needs and artificially supplied insulin takes the place of what the normal person makes for himself. It is in many cases, a God-send.

Questions considering Health, addressed to the Canadian Medical Association, 184 College Street, Toronto, will be answered personally by letter. For release, Wednesday, June 23, 1937.

There is almost as much ability requisite to know how to profit by good advice as to know how to act for one's self.—Rochester Herald.

## Local and Personal Notes

Miss Betty Outton left for Calgary on Sunday for the summer months.

Mrs. Art Bowman is visiting her mother in Medicine Hat.

Mr. W. Manson of Brooks was in Bassano on Monday.

Mr. and Mrs. Alf Hansen spent Sunday in Brooks.

Ival Warren of Brooks was a Bassano visitor on Wednesday afternoon.

Mrs. Snaga, Billy and Miss Ruth Holston were Glenora visitors on Tuesday night.

Mr. and Mrs. Jack Summerbell and Bobbie spent Sunday visiting relatives in Brooks.

Mr. Bob Harper of Calgary is visiting his parents, Mr. and Mrs. H. W. Harper for a few days.

Mrs. M. Connelly of Calgary was visiting her parents, Mr. and Mrs. J. Johnston for a few days.

Mrs. Scheer of Strathmore visited her daughter, Miss Grace Scheer, over the week-end.

Mr. Jeff Greenwood, operator of the Crowfoot Ferry, is at present laid up with blood poisoning, caused from a scratch on his hand.

Your attention is drawn to Mr. Rase's advertisement announcing a change in the dates of his visits to Bassano for the purpose of giving permanent waves.

Roy Colwell, Junior member of the Royal Bunk Staff, will leave on Saturday for a two week holiday. He plans to visit at his home in Medicine Hat.

Miss Peggy Metcalf entertained a large number of friends at a party in the Oddfellows Hall on Wednesday afternoon. Games were played and several children sang and recited. A very delicious lunch was served at the end of the program.

There will be a special show at the Orphanum Theatre in Bassano on Thursday night, July 1st. It will feature Richard Arlen in a western picture, "Secret Valley", that will thrill you from the start. This is a Zane Grey story. Then on Friday and Saturday nights, Mr. Urethino has another good show booked. Watch for an announcement.

### Gem Notes

Miss Robert Collins of Edmonton is visiting at the home of her sister at the teachers.

The high school students are putting on a dance Friday, June 25th, in the Gem Schoolhouse. Everybody come and give the young folks a boost.

Mr. and Mrs. Leroy Edwards were visitors last week returning with a new truck.

Gem played Rosemary on Sunday in a game of baseball. The score was 12 to 5 in favor of Rosemary.

Mr. and Mrs. Porter of Medicine Hat are visitors at the home of Mr. and Mrs. Ed Jarbaum.

A number of lady friends of Mrs. T. Harwell surprised her on June 22nd. It being the occasion of her birthday. A very pleasant evening was spent, games and music making up the entertainment. Mrs. Harwell was presented with a gift and a lovely lunch was served. The ladies bringing even the decorated birthday cake. Mrs. Harwell thanked the ladies for their kindness, and all had a jolly time.
